

Bristol to Boston Less than 10 Days Emission Free

Steller Yachts has worked with VoyageVert to design a sustainable sailing ferry capable of transporting 200 passengers across the Atlantic in 10 days.

This service will provide a viable alternative to long haul flights, encouraging passengers to consider more environmentally friendly travel options.

VoyageVert aim to bring a fleet of ships into service, offering a wide network of routes to seaways across the world, transforming travel of the future.
