

## Steller Systems' Quality Policy

It is the policy of Steller Systems to:

- Develop an effective and efficient service that fully satisfies the needs of our customers in a timely and cost-effective manner.
- Create the appropriate environment in which to enable all employees to develop the technical skills and capabilities required for the success of the business and for their own development.
- Identify and implement initiatives for improving our working methods and processes to increase our competitiveness and efficiency.
- Promote continual improvement to the company and the Quality Management System.
- Ensure compliance with all relevant statutory and safety requirements.

This policy will be implemented by adherence to the Quality Management System by all Steller Systems staff.
